Love, InshAllah: The Secret Love Lives of American Muslim Women

Romance, dating, sex and - Muslim women? In this groundbreaking collection, 25 American Muslim writers sweep aside stereotypes to share their search for love openly for the first time, showing just how varied the search for love can be--from singles' events and online dating, to college flirtations and arranged marriages, all with a uniquely Muslim twist.

These stories are filled with passion and hope, loss and longing: A quintessential blonde California girl travels abroad to escape suffocating responsibilities at home, only to fall in love with a handsome Brazilian stranger she may never see again. An orthodox African-American woman must face her growing attraction to her female friend. A young girl defies her South Asian parents' cultural expectations with an interracial relationship. And a Southern woman agrees to consider an arranged marriage, with surprising results.

These compelling stories of love and romance create an irresistible balance of heart-warming and tantalizing, always revealing and deeply relatable.
