- You want to get a girl's phone number, but you don't know what to say.
- You feel like there's something about your personality that makes girls not want to be around you.
- You know that it's important to physically escalate with girls, but it's so hard to start touching her, and when you do, it's usually pretty awkward.
- When you actually do have sex with a girl, you have a hard time getting her to orgasm.
