The Greatest Human Vice William F. Jack

An American professor walks into his office and discovers that he's lost a year of his life: It's not 2004, but 2005. Why? He knows that he's committed a grievous crime ("the greatest of sins"). He knows that the numbers 4 and 5 are important, as are the colors blue and white. As he and a therapist walk this darkened road, they reach a point where the professor was researching a book that has elements of black magic.
