The Subgenius Psychlopaedia of Slack: The Bobliographon J.R. "Bob" Dobbs

Meet "Bob." Lord of the SubGenius. Scientific Shaman. Big Brother Au-Go-Go. He sits comfortably at the apex of the pyramid of worldly knowledge, twiddling his thumbs. His word, according to followers, is The Word, and that word is Slack. Beyond science, reason — and orgasm — find in Bobliography instant instructions for those who follow no master. The third installment of the holy SubGenius books, Bobliography is an uproarious send-up of all things cult. In addition to providing a guide for Eternal Salvation (or triple your money back), Bobliography is the encapsulated history of the SubGenius "movement" — from its beginnings in the 1980s to the growing Internet empire it has lately become — and also the essential, comprehensive collection of SubGenius lore. A Whole Earth catalog for the Deeply Weird, a Farmer's Almanac for the Truly Strange — Bobliography is the revelation of the millennium.
