Call of Cthulhu and other stories, The (Naxos Complete Classics)

Call of Cthulhu and other stories, The (Naxos Complete Classics)

This collection includes a selection of H. P. Lovecraft's finest chilling tales. Lovecraft's most famous monster is Cthulu, a gargantuan beast which has been lying dormant for millions of years but rises up and forces mankind to recognise its fundamental ignorance, powerlessness and insignificance. Lovecraft is an accomplished master of suspense, releasing information slowly and deliberately through fragmented first-person accounts so that the full impact of the awful truth is reserved until the end. Each of these stories masterfully plays with our fears and conjures up a mounting sense of horror, paranoia and dread.
