## **Human Embryology: The Ultimate USMLE Step 1 Review, 1e** Philip R. Brauer PhD

This book is a valuable tool for enabling students to recall the many details regarding human development and congenital diseases, and it is particularly valuable for those preparing for licensing exams. Copiously illustrated, each chapter consists of a single page of illustrations coupled with a single page of focused, high-yield text. After each of the book's three parts, a series of practice questions tests the reader's recollection and understanding.

- Reader-friendly two-page chapter format (one page of text facing one page of figures)
- 200 stunning line drawings prepared exclusively for this book
- Attractive 2-color presentation
- Quick, efficient review of high-yield information
- Practice test with MCQs
