Sybil: The Two Nations Benjamin Disraeli

Sybil - The Two Nations - By Benjamin Disraeli - Sybil, or The Two Nations is an 1845 novel by Benjamin Disraeli. Published in the same year as Friedrich Engels's *The Condition of the Working Class in England* in 1844, *Sybil* traces the plight of the working classes of England. Disraeli was interested in dealing with the horrific conditions in which the majority of England's working classes lived — or, what is generally called the Condition of England question. The book is a roman à thèse, or a novel with a thesis — which was meant to create a furor over the squalor that was plaguing England's working class cities. Disraeli's novel was made into a silent film called *Sybil* in 1921, starring Evelyn Brent and Cowley Wright. Disraeli's interest in this subject stemmed from his interest in the Chartist movement, a working-class political reformist movement that sought universal male suffrage and other parliamentary reforms. (Thomas Carlyle sums up the movement in his 1839 essay "Chartism.") Chartism failed as a parliamentary movement (three petitions to Parliament were rejected); however, five of the "Six Points" of Chartism would become a reality within a century of the group's formation.
