The Hollow Song (The Abbey Book 1) Amanda Marslen

'Sometimes I imagined that my mother and father had stood over my cradle and watched me as the sun lit the small room they'd made mine, seeing not only their tiny daughter but their love made into a new person. But I'd never known my parents. My cradle had been one made of dank reeds, the woman who watched over me caring for my body but unable to find enough inside to truly cherish the child she raised. I had my sisters, and with all their peculiarities, it was them I loved most.

Soon I would leave them, though. And I dreaded that day more than anything.'

In an abbey, deep in the forest, girls greet the dawn on the shores of Ashen Tarn, their voices lifted in song to their Mother within the lake. They are orphans, raised to adulthood then given to their Mother to become one with her. Beitris is the eldest. Soon, she will be taken.

But Beitris finds a mirror that shows her the world beyond the Abbey and discovers her life is a one of lies and evil. She must leave the Abbey to seek help to free her sisters and destroy the wicked creature she calls Mother using a power she didn't know she possessed.

Beitris enters a world she has only dreamt of. She finds it a place of danger and prejudice with many all too willing to kill her for what they perceive her to be. She journeys to Brugh and meets a man whose strength and gentleness make her love him. But what she discovers about who she really is means that love can never be.

The Hollow Song combines Rapunzel with ancient myth and the poetry of Tennyson into a fairy tale about family, love and prejudice, and how birth can never determine who we are.
