From Book 1:

How far would you go to save a friend?

A four thousand year old mystery lurks in the hills of Georgia. While investigating a strange series of ancient symbols, an archaeologist vanishes, and a professor he entrusted with the secret is murdered. Former government agent, Sean Wyatt, learns of his friend's disappearance as well as the assassinations and must race against the clock to unravel the clues to the ancient mystery.

But to save him, he will have to fight off highly trained mercenaries in hand to hand combat, violent shootouts, and high speed car chases through the Blue Ridge Mountains.

And in the end, what he learns will change the history books as we know them.

The Secret of the Stones is packed with suspense and romance, filled with conspiracies and secret societies, and leaves you wanting more in Dempsey's breakthrough international mystery series. This story takes the characters through the southern United States on a wild adventure that, if not kept suppressed, could cause major political and financial upheaval.
