*Paul Allen Miller, Charles Platter*

**Plato's Apology of Socrates: A Commentary (Oklahoma Series in Classical Culture Series) (English and Greek Edition)** Paul Allen Miller, Charles Platter

The significance of Plato's *Apology of Socrates* is impossible to overestimate. An account of the famous trial of Socrates in 399 b.c., it appeals to historians, philosophers, political scientists, classicists, and literary critics. It is also essential reading for students of ancient Greek.

This new commentary on Plato's canonical work is designed to accommodate the needs of students in intermediate-level Greek classes, where they typically encounter the *Apology* for the first time. Paul Allen Miller and Charles Platter, two highly respected classicists and veteran instructors, present the *Apology* in its traditional thirty-three-chapter structure. They amplify the text with running commentary and glosses of unfamiliar words at the bottom of each page; brief chapter introductions to relevant philosophical, historical, and rhetorical issues; and a separate series of thought-provoking essays, one on each chapter. The essays can serve as bases for class discussions or as starting points for paper topics or general reflection.

By integrating background material into the text at regular intervals rather than front-loading it in a lengthy initial overview or burying it in back-of-the-book endnotes, the authors offer students a rich encounter with the text. Their commentary incorporates the latest research on both the trial of Socrates and Plato's version of it, and it engages major philosophical issues from a contemporary perspective. This book is not only a much-needed aid for students of Greek. It is also the basis of a complete course on the *Apology*.
