The Language of Fiction: Essays in Criticism and Verbal Analysis of the English Novel David Lodge
Language of Fiction was the first book of criticism by the renowned novelist and critic David Lodge. His uniquely informed perspective - he was already the author of three successful novels at the time of its first publication in 1966 - and lucid exposition meant that the work proved a landmark of literary criticism, not least because it succeeded in communicating a radically new vision of English literature to a readership that reached well beyond the bounds of the academy. Now reissued with a new foreword, this major work from the pen of one of England's finest living writers is essential reading for all those who care about the creation and appreciation of literature.
