Growing Minds Herbert R. Kohl

Herbert Kohl, one of America's most influential and provocative educators, believes that the only way to persist and to grow as a teacher is to commit oneself to the development of the child rather than to the regimented training of the pupil. His book is a lively, personal testament of one teacher's efforts to cultivate the natural vitality of the learning process; it is also a wonderfully concrete and practical guide full of stories of individual students and how they were helped to grow through learning.
