## Studies of Fossilization in Second Language Acquisition

This volume, as a sequel to *Fossilization in Adult Second Language Acquisition* by Han (2004), brings together a collection of most recent theoretical and empirical studies on fossilization, a classic problem of second language acquisition. It covers a wide range of perspectives and issues. The analyses discussed herein address key concerns of many second language researchers and teachers with regard to just how far anyone can go in learning a new language.
