David L. Scott Accounting Professor

**The American Heritage Dictionary of Business Terms** David L. Scott Accounting Professor  
From *arbitrage* to *leverage* to *zero-coupon bond*, financial expert David L. Scott defines more than 6,000 terms from all aspects of business in clear, understandable language.

Unlike most business dictionaries, which address a specific discipline, *The American Heritage Dictionary of Business Terms* covers the entire spectrum of business terminology. In clear language it defines over 6,000 terms drawn from the areas of investing, finance, marketing, law, real estate, management, economics, accounting, insurance, and international business.

Entries range from investment fundamentals (*price-earnings ratio, split, yield*) to the lexicon of real estate (*amortization, buy down, wraparound mortgage*) to the terminology of contemporary finance (*CDO, short sale, tranche*).

More than 100 key terms, such as *antitrust, bailout, and subprime loan*, are enhanced by real-world case studies that bring the concept to life. In addition, scores of tips from expert professionals offer advice on topics ranging from renegotiating a mortgage to reducing the estate tax.

This dictionary is an indispensable reference for business professionals and investors at all levels of expertise. The growing need for individuals to plan their own retirement strategies, especially in a global economy, makes it an ideal resource for those interested in how current business news affects their investments. Business students also will find it an informative supplement to their curriculum.

Mcdougal makes some research prior to write this book. This book very easy to read you can find the point easily after scanning this book.

#### **William Henderson:**

As a student exactly feel bored in order to reading. If their teacher requested them to go to the library or even make summary for some book, they are complained. Just small students that has reading's heart and soul or real their leisure activity. They just do what the trainer want, like asked to go to the library. They go to there but nothing reading critically. Any students feel that looking at is not important, boring and can't see colorful photos on there. Yeah, it is to get complicated. Book is very important for you personally. As we know that on this era, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore this The American Heritage Dictionary of Business Terms can make you truly feel more interested to read.
