The Russian Question: Nationalism, Modernization, and Post-Communist Russia

Wayne Allensworth

The Russian Question: Nationalism, Modernization, and Post-Communist Russia Wayne Allensworth 'Who are we?' is a question that has haunted Russians for centuries. The crisis of identity that underlies Russia's efforts to answer that question and the country's attempts to grapple with modernity—the invention of an alien civilization—is explored in this timely book. Russia's response to the universal challenge posed by modernization's erosion of community has been to fall back on that most enduring bond of human association—the kinship tie—as Allensworth here defines as nationalism. The author draws on rare Russian sources to explore the various ways nationalists have responded to modernization and to chart a likely course for Russia's future development. From National Bolshevism to Christian nationalism, from Zhirinovskiy to Solzhenitsyn, this study ties the ideas and ideologies of nationalism to the question that produced them and cements their connection to the crisis of modernity.
