## **Illustrated Textbook of Pediatrics** Md Salim Shakur

Illustrated Textbook of Pediatrics provides in-depth, evidence-based guidance for assessing and managing health problems in children. This new edition is conceptually organised into 23 chapters, with up-to-date information on various paediatric ailments. The book is comprised of a wide range of paediatric problems including malnutrition, diarrhoeal diseases, pneumonia, breastfeeding, infectious diseases like tuberculosis, typhoid, dengue, malaria, neonatal problems like preterm low birth weight baby, neonatal sepsis, birth asphyxia, and community paediatrics including integrated management of childhood illness (IMCI). Under the section on nephrology, genetics of some renal diseases, molecular pathogenesis of inherited renal disease, and paediatric urology have been described in detail. Clinical methodology, particularly clinical examination of the nervous system, cardiovascular system and neonatal examination, are also presented in detail. Presented in a concise and accessible manner, and highly illustrated with clinical pictures, flowcharts and algorithms throughout, Illustrated Textbook of Pediatrics encompasses all the information a clinician requires to diagnose and treat various ailments of paediatric patients. Key Points \* Over 1400 images, illustrations and tables \* Comprehensive and up-to-date \* Accessible text covering a wide range of ailments

### From reader reviews:

#### **Sonja Johnson:**

What do you with regards to book? It is not important together with you? Or just adding material when you really need something to explain what yours problem? How about your extra time? Or are you busy man or woman? If you don't have spare time to try and do others business, it is gives you the sense of being bored faster. And you have free time? What did you do? Every individual has many questions above. They need to answer that question simply because just their can do this. It said that about guide. Book is familiar on every person. Yes, it is proper. Because start from on pre-school until university need this particular Illustrated Textbook of Pediatrics to read.

#### **Joseph Owens:**

Information is provisions for individuals to get better life, information currently can get by anyone from everywhere. The information can be a information or any news even an issue. What people must be consider any time those information which is in the former life are difficult to be find than now is taking seriously which one works to believe or which one the resource are convinced. If you have the unstable resource then you obtain it as your main information you will have huge disadvantage for you. All those possibilities will not happen inside you if you take Illustrated Textbook of Pediatrics as the daily resource information.

#### **Alexandra Dickey:**

A lot of people always spent all their free time to vacation or go to the outside with them family or their friend. Do you realize? Many a lot of people spent they free time just watching TV, or even playing video games all day long. If you wish to try to find a new activity here is look different you can read a new book. It is really fun to suit your needs. If you enjoy the book that you just read you can spent all day every day to reading a publication. The book Illustrated Textbook of Pediatrics it is very good to read. There are a lot of people who recommended this book. These people were enjoying reading this book.
