“When I say no, things tend to break. Sometimes bottles. Sometimes chairs or tables. Often bones.”

Evelyn

The last thing I expected after moving to Chicago to start a new life was to have the whole thing come crashing down around me only months after I arrived. I made a horrible mistake, trusting the wrong man with too much, and so now it's time for a change.

So I promise myself things had to change, and rule number 1 is no more dating billionaire CEOs that think money and power are everything.

I may have taken that too literally. Sure, a gorgeously dangerous motorcycle thug is about as opposite as I can get from my ex, but that doesn't mean he doesn't come with problems of his own. It was just supposed to be a one night stand...

Bash

I don't do relationships. They're far too dangerous, and this is coming from the president of the Chrome Soldiers MC. Women want too much from a man, the closer you get, the more they want to know about you. And I have too much to lose by letting someone get that close. I have too many secrets.

Which is why I never should have gotten involved with her. Evelyn Silver. I knew she was trouble the moment I saw her. Her clothes gave her away. She didn't belong in my bar, she belonged in an office somewhere, with a rich husband, 2 kids and a nanny.

So why the hell didn't I stay away?

Now she knows my secrets, and I have to figure out what the hell I'm going to do about that...

Note: This is a stand-alone romance novel with an HEA ending that is intended for adults only. This limited time copy also contains 2 bonus novels!
