## **Systems Architecture of Smart Parking Cloud Applications and Services IoT System: SBC Architecture Description Language in Practice Dr. William S. Chao**

A system is complex that it comprises multiple views such as strategy/version n, strategy/version n+1, concept, analysis, design, implementation, structure, behavior, and input/output data views. Accordingly, a system is defined as a set of interacting components forming an integrated whole of that system's multiple views. Since structure and behavior views are the two most prominent ones among multiple views, integrating the structure and behavior views is a method for integrating multiple views of a system. In other words, structure-behavior coalescence (SBC) results in the coalescence of multiple views. Therefore, it is concluded that the SBC architecture is so proper to model the multiple views of a system. In this book, we use the SBC architecture description language (SBC-ADL) to describe and represent the systems architecture of Smart Parking Cloud Applications and Services IoT System (SPCASIS). An architecture description language is a special kind of system model used in defining the architecture of a system. SBC-ADL uses six fundamental diagrams to formally grasp the essence of a system and its details at the same time. These diagrams are: a) architecture hierarchy diagram, b) framework diagram, c) component operation diagram, d) component connection diagram, e) structure-behavior coalescence diagram, and f) interaction flow diagram. Systems architecture is on the rise. By this book's introduction and elaboration of the systems architecture of SPCASIS, all readers may understand clearly how the SBC-ADL helps architects effectively perform architecting, in order to productively construct the fruitful systems architecture.

### **From reader reviews:**

#### **Ricardo Boddie:**

Reading a book tends to be new life style in this era globalization. With studying you can get a lot of information that may give you benefit in your life. Along with book everyone in this world can share their idea. Publications can also inspire a lot of people. A great deal of author can inspire their own reader with their story or their experience. Not only the storyline that share in the guides. But also they write about the ability about something that you need illustration. How to get the good score toefl, or how to teach children, there are many kinds of book that you can get now. The authors on earth always try to improve their ability in writing, they also doing some investigation before they write to the book. One of them is this Systems Architecture of Smart Parking Cloud Applications and Services IoT System: SBC Architecture Description Language in Practice.

#### **Linda Christopher:**

Your reading sixth sense will not betray an individual, why because this Systems Architecture of Smart Parking Cloud Applications and Services IoT System: SBC Architecture Description Language in Practice guide written by well-known writer who really knows well how to make book which can be understand by anyone who all read the book. Written inside good manner for you, dripping every ideas and writing skill only for eliminate your hunger then you still question Systems Architecture of Smart Parking Cloud Applications and Services IoT System: SBC Architecture Description Language in Practice as good book not only by the cover but also with the content. This is one guide that can break don't assess book by its deal with, so do you still needing an additional sixth sense to pick this!? Oh come on your reading sixth sense already alerted you so why you have to listening to yet another sixth sense.

#### **William Sinclair:**

Reading a book for being new life style in this 12 months; every people loves to examine a book. When you learn a book you can get a lot of benefit. When you read ebooks, you can improve your knowledge, due to the fact book has a lot of information upon it. The information that you will get depend on what types of book that you have read. If you need to get information about your research, you can read education books, but if you act like you want to entertain yourself you are able to a fiction books, this sort of us novel, comics, and also soon. The Systems Architecture of Smart Parking Cloud Applications and Services IoT System: SBC Architecture Description Language in Practice offer you a new experience in studying a book.

#### **Tyler Dean:**

Some individuals said that they feel bored stiff when they reading a book. They are directly felt the idea when they get a half parts of the book. You can choose the particular book Systems Architecture of Smart Parking Cloud Applications and Services IoT System: SBC Architecture Description Language in Practice to make your reading is interesting. Your own skill of reading proficiency is developing when you similar to

reading. Try to choose simple book to make you enjoy to learn it and mingle the sensation about book and reading through especially. It is to be very first opinion for you to like to available a book and read it. Beside that the reserve Systems Architecture of Smart Parking Cloud Applications and Services IoT System: SBC Architecture Description Language in Practice can to be your friend when you're experience alone and confuse with the information must you're doing of that time.
