Laura Sue wanted to be a princess with all her heart. However, she was not from a royal family; she was from an ordinary family, which included an ordinary brother. One day to her delight, her teacher announced to the students that they could be anything they wanted to be. This was music to Laura Sue's ears, until she announced her desire in front of the class. Laughter dampened her spirits, as did the reality that her family members offered. However, a beautiful, golden angel came to her rescue and told her how to become an ordinary princess. She gave her the formula and it is one every child could follow should he or she wish to become an ordinary prince or princess. Over 30 charming and colorful illustrations dance along with the text.
