Victor Davis Hanson

The Decline and Fall of California: From Decadence to Destruction (Victor Davis Hanson Collection Book 2) Victor Davis Hanson

The Decline and Fall of California: From Decadence to Destruction collects Victor Davis Hanson's best writing on California's crisis of culture. Focusing on three themes with enduring relevance—water, immigration, and the rural way of life—Hanson deftly dissects the ruins of the Golden State. California's crisis is America's crisis: the same policies and mental dissonance that have eroded California's prosperity threaten the rest of the country if left unchecked.

In California, an out-of-touch liberal leadership has made life worse for average citizens of the state, both the poor and the shrinking middle class. For all the exalted talk about the people, the environment, and the proverbial "little guy," few in government craft policies to help the majority of the state. In particular, on matters of illegal immigration, water policy, and culture, cocooned elites rarely face the logical consequences of their own ideology. The Decline and Fall of California unwinds the story of how California came to this moment, and offers insight into why the rest of the nation should be wary of the same influences in Washington, DC.

"I moved to California to chase The Dream nearly four decades ago, experience the promise... and now the perils. No one but Victor Davis Hanson has the depth and savvy to clearly chronicle how the Golden State got to this point, and where we are now headed. There are lessons and warnings for the rest of America here, too. It's been said, 'As California goes, so goes the Nation.' This is essential reading."

- Mark Larson

KUSI TV Contributor & AM 1170 Talkshow Host

The Decline and Fall of California is the second Victor Davis Hanson collection from PJ Media, following his collection on the war on terror, Seductions of Appeasement, also available on Amazon.
