*What if a high-tech computer game was a gateway to the treacherous Realm of Faerie?*

Superstar gamer Spark Jaxley's life might look easy, but she's part of an elite few who guard a shocking secret; the Realm of Faerie exists, and its dark magic is desperate for a foothold in the mortal world.

Aran Cole hacks code and sells his gaming cheats on the black market. It's barely a living, and one he's not proud of. But when he turns his skills to unlocking the secrets behind Feyland--the most exciting and immersive game on the market--he discovers power and magic beyond his wildest dreams.

Spark's mission is clear; pull Aran from the clutches of the fey folk and restore the balance between the worlds. But can she risk her life for someone who refuses to be rescued?
