The End of History: Messiah Conspiracy Philip Nicholas Moore

This quality work examines Bible prophecy in relation to modern day political events, illustrating many recent prophetic fulfillments. We have consulted and quoted scholars, MD's and PH.D's while using ancient rabbinical writings and recent archaeological discoveries to verify many fundamental New Testament claims, such as the literal existence of the Roman governor, Pilate, the high priest Caiaphas, and the mention of Notzrim (Christians) in an ancient curse, known to scholars as the Birkat ha Minim.

We devote several chapters to uncovering a plot, a conspiracy by Jewish leaders to cover up the biblically verified fact that Jesus was the Jewish Messiah. This was accomplished by their reinterpretation of the Messianic prophecies, to the sorrow of many, then and now. We are the first to examine this conspiracy in such depth.
