## **The Hammer of the Scots: Edward I and the Scottish Wars of Independence** David Santiuste

Known to posterity as *Scottorum Malleus* - the Hammer of the Scots - Edward I was one of medieval England's most formidable kings. This book offers a fresh interpretation of Edward's military career, within the context of his Scottish wars. In part this is a study of personality: Edward was a remarkable man. His struggles with tenacious opponents - including Robert the Bruce and William Wallace - have become the stuff of legend. But David Santiuste also considers the wider impact of Edward's Scottish campaigns. He describes the effects on people at all levels of society, providing a richly detailed portrait of the British Isles at war.
