The Supremes' Greatest Hits, 2nd Revised & Updated Edition: The 45 Supreme Court Cases That Most Directly Affect Your Life Michael G. Trachtman Esq.

Can the government seize your house to build a shopping mall? Can it determine what control you have over your own body? Can police search your cellphone? The answers to those questions come from the Supreme Court, whose rulings have shaped American life and justice and allowed Americans to retain basic freedoms such as privacy, free speech, and the right to a fair trial. Especially relevant as we elect a new president who may get to appoint several justices, the revised and updated edition of Michael G. Trachtman's page-turner includes ten important new cases from 2010 to 2015, as well as a special section with analyses of the new term rulings to be announced in June 2016.

The new cases include:

Citizens United v. Federal Election Commission (2010), which restricts the right of governments to limit campaign contributions by corporations and unions; *Burwell v. Hobby Lobby* (2014), which allows a religious exemption from the Affordable Care Act requirement that corporations pay for contraceptive coverage for their employees; *Riley v. California* (2014), which ruled that police need warrants to search the cellphones of people they arrest; and *Obergefell v. Hodges* (2015), which ruled that the Constitution guarantees a right to same-sex marriage.
