Eastern Orthodox Christianity: A Western Perspective Daniel B. Clendenin

In this reliable and engaging survey, Daniel Clendenin introduces Protestants to Eastern Orthodox history and theology with the hope that the two groups will come to see their traditions as complementary and learn to approach one another with a "hermeneutic of love" that fosters "mutual respect, toleration, and even support." This revised edition includes a new preface, a new chapter, and an updated bibliography. In addition to updated demographic information, Clendenin examines at length a particular aspect of Orthodoxy's intersection with Protestantism's growing exchange with evangelicalism.
