United States Government US Army

Soldier's Manual and Trainer's Guide Power-Generation Equipment Repairer MOS 52D Skill Levels 1, 2, and 3 United States Government US Army

This Soldier Training Publication (STP) is intended for Soldiers holding Military Occupational Specialty (MOS) 52D, Skill Levels (SLs) 1, 2, and 3, their supervisors, trainers, and commanders. It contains an MOS Training Plan providing information needed to plan, conduct, and evaluate unit training, one of the most important jobs of military leaders. It includes standardized training objectives in the form of task summaries that can be used to train and evaluate Soldiers on critical tasks supporting unit missions during wartime. Soldiers holding MOS 52D should have access to this publication. Trainers and firstline supervisors should actively plan for Soldiers' access, making it available in work areas, unit learning centers, and unit libraries. However, it is not intended for an individual copy to be provided to each MOS holder. Tasks in this manual apply to the Active Army, the Army National Guard/Army National Guard of the United States, and the United States Army Reserve unless otherwise stated. The proponent of this publication is United States Army Training and Doctrine Command (TRADOC).
