Alex Cross: by James Patterson - Analysis, Summary & Quiz (Alex Cross Series)

Make a cup of tea, brew some coffee, or pour a glass of wine. Then sit down and prepare yourself for a real page turner. Once again Alex Cross faces a seemingly unsolvable case, but this time, instead of one case, he has three cases:

- The murder of a teenager, Rashawn Turnbull, for which Alex's cousin Stefan Tate is being framed;
- The murders of several rich West Palm Beach socialites; and
- Conflicting stories about his own mother's and father's deaths 35 years ago.

While, as readers, we always know a bit more about what is going on than Alex, nevertheless the facts and circumstances reveal themselves to us slowly chapter by chapter. We sense that the three cases are related but we don't really find out exactly how until the very end, just a few moments after Alex! Alex struggles more with his emotions in this book than in others as he confronts painful childhood memories on which he has worked hard all of his life to suppress. His wife Bree is by his side to help him solve the case and deal with his pain. In the end, the healing can begin.
